Draft Plan Reveal Open House31

Adopted December 16, 2021 by the Irondale Planning and Zoning Board

The background of the slide is a photograph of a quiet residential street. On the left, a paved road with white crosswalk markings leads into the distance. To the right of the road is a grassy lawn with a concrete sidewalk. In the background, there are several houses with white siding and brick accents, surrounded by trees with green and bare branches under a blue sky with light clouds.

Appendix A: Public Involvement Summary

Introduction

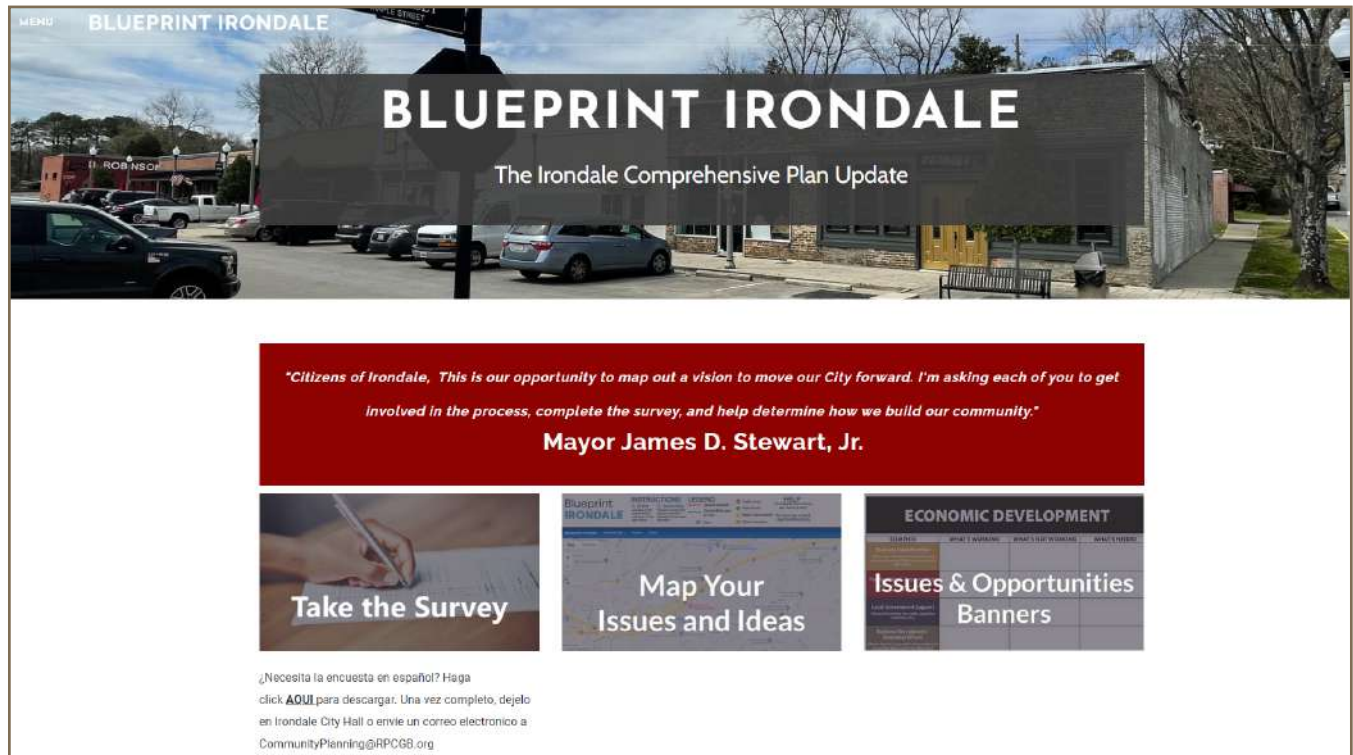

Quality public involvement, which ensures that everyone's voice can be heard, is vital to the planning process. A plan should include two-way collaboration between residents and the professional planning team. The planning team educates stakeholders on the plan's purpose and process, while stakeholders educate planners about the local conditions of their community. The Irondale Comprehensive Plan considers the ideas and concerns raised by residents with a diverse array of experiences and perspectives. This valuable feedback helped inform the plan's goals, strategies, and actions to plan for a socially, economically, civically, and environmentally healthy city. This collaborative effort produces a fact-based plan that is defensible, sound, attainable, and reflective of the unique community it serves.

Knowing the value of public involvement, the Regional Planning Commission of Greater Birmingham (RPCGB) planning team for the Irondale Comprehensive Plan used a multifaceted approach, making good use of both in-person and online methods to gather as much information from the community as possible. The sections below highlight the outreach methods used by the planning team to inform their development of the Comprehensive Plan.

Overview of the Public Involvement Process

Project Website

A formal website for the Irondale Comprehensive Plan was maintained by the RPCGB through the life of the project. This website, www.BlueprintIrondale.com, served as an information gateway for the Plan and provided easy access to plan documents, public meeting details, surveys, project facts and other information.

Email E-Blasts

Email was the main form of communication used to provide information for the Irondale Comprehensive Plan events, calls to action, or plan milestones. Recipients included an initial list of stakeholders and residents created by the City of Irondale and the RPCGB. Other recipients included those who opted in on the project website and those who attended the Kickoff Open House events. It was the intention of this Plan that the email subscriber list would grow as the Plan progressed.

Social Media

Two specific Facebook accounts were used to announce events, surveys, plan milestones, and to drive users to information provided on the project website: the City of Irondale's Facebook page and Mayor Stewart's Facebook page.

Visioning Survey

This 16-question multiple-choice and open-ended survey was open for answers from April 5 to May 31, 2021, and in total 1,148 responses were received. The purpose of the survey was to assess the City's perceived strengths, challenges, opportunities, development patterns, and allowed for a satisfaction rating of city services at it pertains to the maintenance of local roads, code enforcement, police protection, the City's responsiveness to formal complaints, public facilities, fire and rescue services, and parks and recreational facilities. The survey was promoted via E-blasts and hard copies were made available at Irondale City Hall, during City-led events, and at the Kickoff Open House on April 15, 2021.

A summary of the responses to each survey question are shown in pages 10 — 23 of this Appendix.

Blueprint: IRONDALE Irondale Comprehensive Plan

What's your vision for the future of Irondale?

How do you imagine the City of Irondale in 5, 10 or 25 years from now? The City is developing an update to the 2016 Comprehensive Plan to guide future development, and we need your help to create it. For more information about this Plan, what it is, and what it does, visit www.blueprintirondale.com

1. What is your name and email address? By sharing your email with us, we can send you the survey results once they are in, as well as other questions regarding the Irondale Comprehensive Plan process. Your information will NOT be shared with any other organization or given to other users. It will only be used for the Irondale Comprehensive Plan and other relevant planning efforts.

Online Mapping Tool

An online mapping tool, called a Wikimap, was available on the project website and allowed participants to "map" their issues, needs, and ideas on an interactive street map of the City. Participants were able to note locations of community assets, areas that need improvement, opportunity ideas, traffic issue areas, streets needing sidewalks or bike facilities, along with any other issue or idea they wanted to geographically pinpoint. The Wikimap was open for answers from April 5 to May 31, 2021 and received 214 comments.

To view the online Wikimapping tool results, see pages 24 — 27 of this Appendix.

In-Person and Virtual Events

As part of the planning process, the project team would traditionally have held public meetings and interviews with stakeholders to facilitate community input. To prioritize public safety during the Covid-19 pandemic without sacrificing public involvement, a combination of in-person and virtual events were held over six days in lieu of a single kick-off event, including an in-person kickoff open house and virtual public meeting. The following face-to-face and virtual events were held with the public:

Kickoff Open House

The in-person Kickoff Open House was held on April 15, 2021 from 5:30 to 7:00 PM at Shades Valley High School. Because of the Covid-19 pandemic, masking and social distancing were observed in accordance with state guidelines. Open House was promoted via flyers distributed throughout the City, email e-blasts, the project website and via the City of Irondale's website and online calendar. In total there were 28 attendees at the open house.

The purpose of this Kickoff Open House was to gather feedback regarding the state of Irondale today and residents' issues and desires regarding future projects and priorities, economic development, transportation, infrastructure, quality of life, and planning and public services. Participants were encouraged to provide feedback to the planning team through the following interactive activities:

- Mapping Exercise
- Visioning Survey
- Issues & Opportunities Banners Activity

For detailed results of the Issues and Opportunities Banners Activity, see pages 28-30 in this Appendix.

Virtual Public Meeting

The purpose of this Kickoff Open House was to gather feedback regarding the state of Irondale today and residents' issues and desires regarding future projects and priorities, economic development, transportation, infrastructure, quality of life, and planning and public services. The meeting included a presentation and opportunity for input. In total there were 50 attendees at this event. This meeting was hosted virtually via Zoom and Facebook Live on April 19, 2021 at 6:00 PM.

Draft Plan Reveal Open House

The Draft Plan Reveal Open House for the Irondale Comprehensive Plan was held on October 27, 2021 at 6pm at Irondale City Hall. The purpose of the meetings was to give a presentation that highlighted key concepts in the plan and gather feedback regarding the Plan's draft goals and actions. Staff from the Regional Planning Commission of Greater Birmingham (RPCGB) were on hand to aid participants and to answer questions. 52 people attended in person and 24 watched virtually via the City of Irondale's Facebook Live stream.

For detailed results of the Draft Plan Reveal Open House activities, see pages 32-38 in this document.

Advisory Committee Meetings

An advisory committee composed of residents, business leaders, civic and non-profit representatives was formed to guide the development of the plan.

The Advisory Committee meet on the following dates:

- July 20, 2021
- November 18, 2021

ECONOMIC DEVELOPMENT

ELEMENTS	WHAT'S WORKING	WHAT'S NOT WORKING	WHAT'S NEEDED
Business Opportunities (What types of businesses is Irondale best positioned to attract? What types would you like to see?)	<ul style="list-style-type: none"> City Hall, Police Department, and Public Library in Old Irondale. 		<ul style="list-style-type: none"> More mainline company retailers and restaurants, entertainment, retail, and fine dining. Restaurants, coffee shop, and brewery in Downtown! "Third spaces" for the community to gather outside of home and work over food and drinks. A space for "pop up" shops of rotating retail start ups / small businesses.
Partnerships & Organizations (Chamber of Commerce, Commercial Development Authority, etc.)	<ul style="list-style-type: none"> HOA's and neighborhood associations. 		<ul style="list-style-type: none"> Need to encourage neighborhood organizations across the city. Continued collaboration with the Cahaba River Society on development and growth. Work with Birmingham Business Alliance, Jefferson County Industrial Development Board, along with Industrial and Commercial Realtors to attract companies to Irondale.
Local Government Support (Financial incentives, tax credits, regulatory assistance, etc.)		<ul style="list-style-type: none"> Zoning Board of Adjustment - they need to be aware of their surroundings before approving anything. There is too much hardscape and wire fencing along Crestwood BLVD, plant bushes to hide the horrid view. 	<ul style="list-style-type: none"> Research what other communities are doing to grow and improve their cities.
Business Recruitment / Retention Efforts (What is the City doing well to keep quality jobs in Irondale? What could it do differently?)	<ul style="list-style-type: none"> Happy to see new businesses and older ones upgrading appearances. 	<ul style="list-style-type: none"> Please - no more storage facilities - at least not on our main thoroughfare. 	<ul style="list-style-type: none"> Partnership with the Jefferson County School System's Career Academies.

The following presentation from June 2021 summarizes the results from the kickoff phase of public input associated with the development of the new Comprehensive Plan.

Draft Plan Reveal Open House

The Draft Plan Reveal Open House for the Irondale Comprehensive Plan was held on October 27, 2021 at 6pm at Irondale City Hall. The purpose of the meetings was to give a presentation that highlighted key concepts in the plan and gather feedback regarding the Plan's draft goals and actions. Staff from the Regional Planning Commission of Greater Birmingham (RPCGB) were on hand to aid participants and to answer questions.

Draft Goals and Recommended Actions Activity

At the Open House, staff from the RPCGB facilitated discussions with residents, using large format chapter matrices to receive input on the Plan's draft goals and recommended actions for implementation.

Attendees were asked to help prioritize the Plan's recommended actions by placing a dot next to the description of the proposed actions they supported.

The results of this activity are summarized in **Table 2**. The "Priority" column notes the number of people at the Open House that placed dots next to the description of the proposed action to show their support for future implementation the action. Therefore, the higher the number, the more the action "resonated" with the public and was supported for future implementation.

Table 2: Results from Draft Plan Reveal Open House Activity

Chapter 4 — Future Land Use			
#	Action	Priority	Comment
Goal #1: Encourage redevelopment in existing commercial areas.			
1.1	Encourage mixed-use development.	8	
1.2	Adopt a Mixed-Use zoning district that allows for a variety of uses and development types.	7	
1.3	Encourage and incentivize infill development and redevelopment.	4	
1.4	Revitalize and/or Redevelop Grants Mill Station.	8	
1.5	Make Downtown Irondale a more attractive destination for residents and visitors.	10	
1.6	Revitalize properties along the Crestwood Boulevard/US 78 corridor.	7	
Goal #2: Protect environmentally sensitive areas.			
2.1	Promote the use of conservation easements to preserve environmentally sensitive land.	8	Planning for future generations = priority
2.2	Reduce development intensity via a step-down approach near the Cahaba River.	7	
2.3	Modify the Zoning Ordinance to include conservation subdivision regulations.	8	
Goal #3: Encourage sustainable long-term development patterns.			
3.1	Continue to grow as a city of residential areas supported by activity centers.	5	New senior activity center building, larger.
3.2	Ensure future developments improve pedestrian, bicyclist, and vehicular connectivity.	7	Pedestrians and bicyclist!
Goal #4: Encourage a wide range of housing types.			
4.1	Encourage the development of new housing to achieve a mix of housing types at a range of price points.	18	

Chapter 5 — Livability & Code Reform			
#	Action	Priority	Comment
Goal #1: Adopt codes and programs to improve the conditions of rental housing units.			
1.1	Modify the R-3 Two-Family (Duplex), R-4 Multiple Family, RCD Residential Condominium, and R-5 Town House zoning districts to include additional regulations to ensure the health, safety, welfare, and aesthetic improvements of duplexes, town houses, apartments, and multiple family dwellings.	3	
1.2	Create a Rental Property licensing inspection system and establish a Good Landlord Program.	3	
Goal #2: Enhance code enforcement efforts and encourage better property maintenance.
