

IRONDALE WATER SYSTEM

PO BOX 100727
IRONDALE, ALABAMA 35210-0727
(205) 951-1410

I _____ consent to Irondale Water to connect or re-connect my water service. Irondale Water will remove the lock and restore water service. Irondale Water will allow 25-50 gallons of water to go thru the meter before it is then cut back off. It will then be the customer's responsibility to turn the water back on at the meter.

Irondale Water is not responsible for any damages to the property, business, resident or home.

No employees will be sent back to the residents to turn on the water.

Please check one below.

I want my water service unlocked and turned on. _____

I want my water service unlocked and I will turn on at my discretion. _____
