Notes

Quote is based on following conditions:

Shipment of entire project together to one location..

Structural code and wind speed = IBC 2021, 110 mi/h, Exposure C, Importance Factor II.

Due to the built-in custom light control per luminaire, pole or luminaire locations need to be confirmed prior to production. Changes to pole or luminaire locations after the product is sent to production could result in additional charges.

Standard soil conditions – rock, bottomless, wet, or unsuitable soil may require additional engineering, special installation methods and additional cost.

Thank you for considering Musco for your lighting needs. Please contact me with any questions or if you need additional details.
