## **ADDENDUM A**

Occasionally, customers have a need to move our SOFTWARE licenses to new HARDWARE, either due to HARDWARE failure or simply as a HARDWARE upgrade. DATAWORKS PLUS considers application upgrades as a part of our standard maintenance plan. However, system moves are not covered under the plan. Customer should contact DATAWORKS PLUS for pricing for system moves. Customers who need to move SOFTWARE/databases to new HARDWARE will need to do the following:

1. Contact DATAWORKS PLUS at **866.632.2780** for pricing and scheduling;

  3. Provide VPN access to the new system and the old system simultaneously until the move is complete;
  4. Provide access to system backups and logs.
  5. DATAWORKS PLUS understands that some Agencies prefer to handle application license moves to customer owned HARDWARE without DATAWORKS PLUS assistance. In this instance, it is the Agencies responsibility to notify DATAWORKS PLUS so that maintenance coverage will continue for the license(s). The following information should be given to DATAWORKS PLUS to update license information on the maintenance record:
    - Previous machine name and IP
    - New machine name and IP
- DATAWORKS PLUS is not responsible for providing on-site assistance in the event of customer provided hardware failure.
- DATAWORKS PLUS is not responsible for engineering/development work to reconstruct corrupt databases due to customer-provided hardware failure, or failure due to viruses/malware.
- Customers who wish to schedule license moves and/or hardware upgrades may contact DATAWORKS PLUS for fees and scheduling.
- Customers may contact us for pricing for a maintenance uplift plan that includes software license moves.
- Our standard rates of \$180 per hour, 2 hour minimum, will apply for any installation or deployment related support issues after the initial training and installation for Kiosk.
