

Resolution 2026-R-53

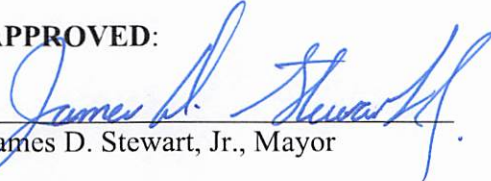

A Resolution approving an expenditure for the furnishing of the labor, equipment, and steel casing pipe for the Water Main Extension to the Irondale Fire Station #3

BE IT HEREBY RESOLVED by the City Council of the City of Irondale, Alabama, in regular meeting duly assembled, a quorum being present, that the expenditure of \$96,016.00 for the furnishing of the labor, equipment, and steel casing pipe to install approximately 190 LF of 16-inch steel casing pipe for the Water Main Extension to the Irondale Fire Station #3 by Rast Construction, Inc. is hereby approved. Mayor James D. Stewart, Jr., or his designee, is authorized to execute any documents necessary to effectuate such agreement. The pricing quote is attached hereto as **Exhibit A**.

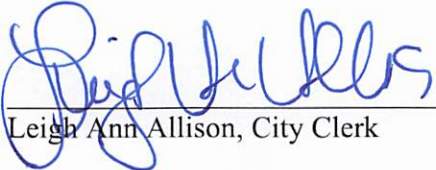

ADOPTED AND APPROVED: This 17th day of February, 2026.

David Spivey, City Council President

APPROVED:

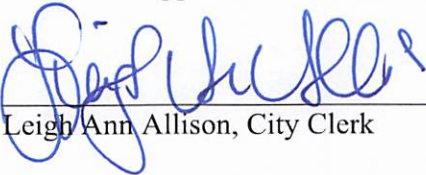

James D. Stewart, Jr., Mayor

ATTESTED:

Leigh Ann Allison, City Clerk

CERTIFICATION

I, Leigh Ann Allison, the City Clerk of the City of Irondale, Alabama, hereby certify the above to be a true and correct copy of a resolution adopted by the City Council of the City of Irondale at its regular meeting held on February 17, 2026, as the same appears in the minutes of record of said meeting.

Leigh Ann Allison, City Clerk

Re: BWWB Main Extension To Irondale Fire Station #3

Mr. Morris,

We are pleased to provide a quote on the above referenced project. We propose to furnish labor, equipment and the steel casing pipe to install approximately 190 LF of 16-inch steel casing pipe as indicated on plan set "BWWB Main Extension To Irondale Fire Station #3" by Kadre Engineering dated 5/30/2025.

Our total lump sum price for this is **\$96,016.00**.

The above price consists of:

- 1.) Assisting C.A.W. with the tap
- 2.) Installing approximately 80ft of 16-Inch steel casing pipe by Jack & Bore under John Rodgers Parkway including casing spacers and end seals
- 3.) Installing approximately 110ft of 16-Inch casing pipe across the proposed new driveway in front of the fire station #3 by open cut with stone backfill
- 4.) Installing approximately 130ft of 8-Inch water line (material to be provided by others)
- 5.) Testing of line

Should you have any questions or need clarification, please feel free to contact us.

Sincerely,

Michael Wiginton
Rast Construction, Inc.
